- **Safe and easy to use**
  Simply empty and squeeze the contents of the sponge into 10 gallons or less of water to create the perfect soaking solution for instruments and scopes.
- **Simplifies cleaning**
  Eliminates need for an electric dosing pump and having to make sure you're using the correct dose of enzymatic detergent each time.
- **Ready to use**
  Each sponge is pre-measured with Zutron Medical's Z-Zyme Multi-Enzymatic Cleanser that begins breaking down blood, fat, carbohydrates, and proteins on contact.
- **Saves space**
  Clear up counter space by eliminating need for gallons of enzymatic cleanser.
- **Non-foaming, neutral pH**
  100% biodegradable formula is safe for all soiled power and surgical instruments, scopes, and other healthcare equipment.
- **Order # ZUTR50505**
  80 sponges per case
