

Zutron Medical would like to make your day easier with our RTU Foaming Enzymatic Cleansers

Product Features

- **Highly effective formula**

These foaming enzymatic cleansers effectively clean away blood, proteins, fat, carbohydrates and synthetic liquids from surgical instruments.

- **Safe and easy to use**

Neutral pH formula is safe for all instruments, scopes and other healthcare equipment and is 100% biodegradable.

- **Save time**

The foaming enzymatic cleansers effectively cover instruments, keeping them moist until cleaning and rinsing

- **Delivery systems**

Use the 5 gallon pail with our RTU Foamer 3.5 or our ready to use spray bottles to create a thick foam on instruments.
